

DS-13 to DS-50 Series

Sweep Action Seals

Description

A sweep action brush seal only for mounting in a morticed groove.

Features

The heavy duty black bristle seal is available with six options for a projection size from 13-50mm.

It is available in three length options of 1M, 2M, or 3M.

Suitable for protection against smoke, draughts, light, airborne dust, vermin, bushfire embers and energy retention.

Fitting Location

To be used around the perimeter and bottom of doors, meeting stiles of single or double swing doors, revolving, tilt-up and roller doors.

Material and Finish

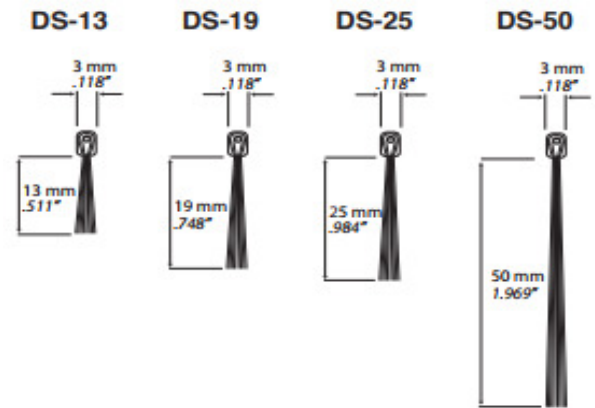

Heavy duty black nylon bristle seal within a galvanised steel strip.

Fixing

Inserted into a morticed groove of nominal 3mm(w) x 4mm(d), adjusted to hold to seal tightly.

Approvals

An optional flame retardant bristle seal is available which is resistant against bushfire ember attack.

Available As

13mm brush
19mm brush
25mm brush
