

# GLASS BUMPER Perimeter Seal

## Description

GLASS BUMPER is an adhesive perimeter seal for sliding glass doors. Ideal for bi-parting automatic doors and as it can be fitted to each opposing door leaf.

## Features

It consists of a soft transparent bumper cell seal, which is quickly installed with a high strength 3M transparent self-adhesive.

## Fitting Location

The seal serves as a front damper on single leaf sliding doors (leaf / frame) or on double leaf sliding doors (leaf / leaf)

## Gap Size

It is suitable to seal gaps up to 4.0mm per seal.

## Material and Finish

GL1 Transparent coextruded TPE. With 3M Very High Bond adhesive tape.

## Fixing

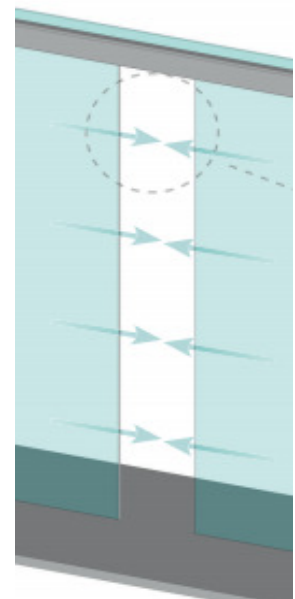

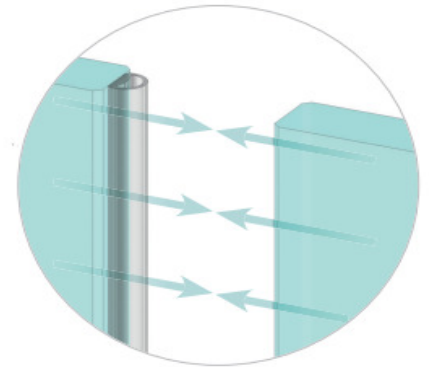

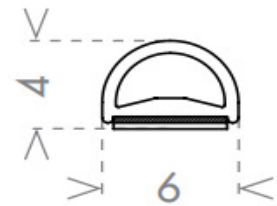

Installation surfaces must be pre-cleaned with GLASS WIPE or similar.

## Approvals

Fire: AS1530.4

Smoke: AS1530.7/BCA C3.4

Acoustic: AS1191/ISO140.3/ISO10140.2

## Available As

3M length	Seal only
12M length	Seal including Tool and Wipe
Glass Wipe	To wipe clean glass prior to installation
Installation Tool	Tool to install GLASS BUMPER
