

Kerf Mounted

Perimeter Seals

Description

Quality gasket seals designed to be fitted into a prepared kerf groove.

Features

The TPE-V material of these gasket seals can provide better weather resistance, energy efficiency, acoustic performance and durability than foam or pile seals.

Fitting Location

These seals can be fitted in timber, aluminium or PVC door and window frame grooves.

Material and Finish

TPE-V gasket seals available in black, or white as a S6577 option.

Approvals

Fire: AS1530.4 Smoke: AS1530.7/BCA C3.4 Acoustic: AS1191/ISO140.3/ISO10140.2
