

DSA POPULAR PROJECT DOOR SEALS

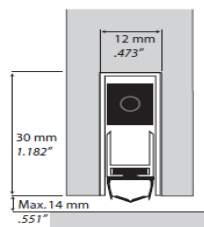

FRAME / PERIMETER SEALS

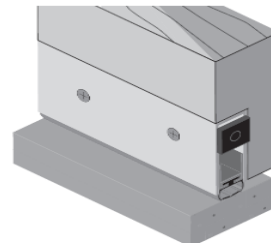

- ✓ Full aluminium carrier. No cheap or flimsy plastic used
- ✓ Wedge seal profile is the most efficient with less projection
- ✓ High performing acoustic attenuation
- ✓ Smaller overall size means it is less visible on frames
- ✓ Quick to install with fitting guides to ensure optimum sealing
- ✓ 100% Clear Anodised Silver or other finishes to order

DOOR AUTO BOTTOM SEALS

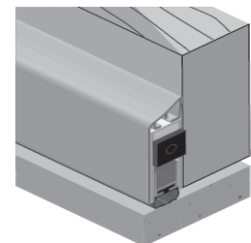

- ✓ The strongest seal pressure available
- ✓ No big and ugly end plates needed
- ✓ Available in lengths up to 1830mm
- ✓ Face mounted, semi or fully recessed
- ✓ DBS1230 has a 37dB rating
- ✓ DSR1530 has a 48dB rating

DBS1230

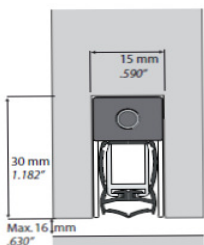

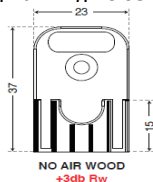

DBS 1230 SEMI RECESSED

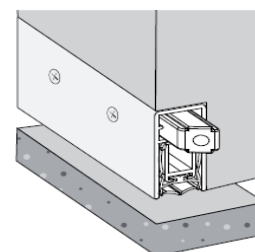

DBS 1230 FACE MOUNTED

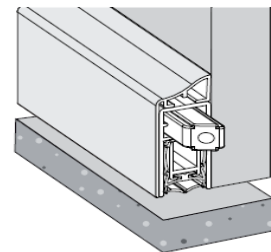

- ✓ Unique 'No Air Wood' frame plate option for FR gives extra 3dB attenuation by stopping flanking noise around seal ends

DRS1530

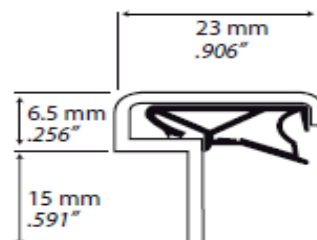

DRS 1530 SEMI RECESSED

DRS 1530 FACE MOUNTED

ASTRAGAL SEAL FOR THE MEETING STILE OF DOUBLE DOORS
