

Description

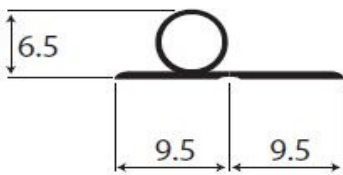

Quality self-adhesive gasket seals to suit a range of different applications.

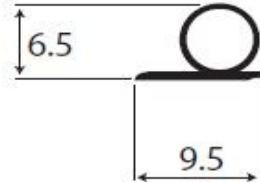

S9168 (1 wing)

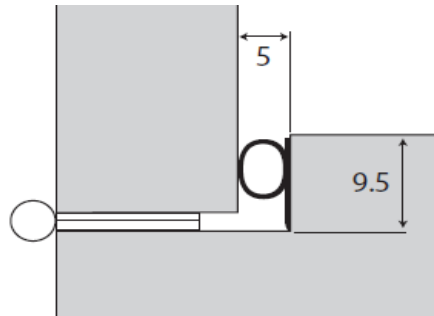

DS150 (2 wings)

S9100-10k

S9100

Features

The TPE-V material of these gasket seals provide excellent weather resistance, energy efficiency, acoustic performance and durability. The flexible material cannot be damaged like rigid alternatives.

Fitting Location

These seals can be quickly fitted around the full perimeter of doors or windows.

Note: Contact surface must be clean, smooth and fully dry if recently painted.

Gap Size

S9168/DS150 2-4mm. S9100-10k/S9100 2-6mm.

Material and Finish

TPE-V gasket seals available in black, or white option where indicated.

Approvals

Fire: AS1530.4 Smoke: AS1530.7/BCA C3.4 Acoustic: AS1191/ISO140.3/ISO10140.2
